

The school district will sponsor commencement or graduation exercises for students who have met the graduation requirements set forth by this school district and the State of Idaho for completion of a high school program and the awarding of a diploma.

Students needing correspondence credits for completion of credits must have proof of credits to the counselor by the day of graduation practice. The number of correspondence credits a student may use towards graduation is limited by the State Department of Education. Students who are short one or more credits from fulfilling the graduation requirements, or do not meet the core requirements, shall not participate in the exercises.

Management of the ceremonies will be the responsibility of the high school principal.
